

# NANOTEX® DURABLE WEAR

## Resist wear and prolong the life of your fabric with Nanotex Durable Wear:

Nanotex Durable Wear uses technology that works at the molecular level of your fabrics fibers by **creating a protective film on the fiber surface** to reduce the friction from abrasive materials, preventing breakage, and color fade.

PROPERTIES:	FIBER TYPES:	APPLICATIONS:
Abrasion resistance	Cotton	Child wear
Strength protection		Denim
Extended service life		Leggings
Retains fabric softness		Uniforms
PFAS free		Work wear

TEST METHODS:	COMPATIBLE WITH:	CONTACT:
Tear Strength ASTM D1424	 RESIST	services.technical@nano-tex.com
Flexing & Abrasion Resistance ASTM D3885	 RELEASE	1.800.CRYPTON
Wyzenbeek Abrasion Resistance ASTM D4157	  RESIST+RELEASE	nanotex.com
Martindale Abrasion Resistance ISO12947-2	 FRESH PROTECT	
	 WRINKLE DEFENSE	
	 COOLEST COMFORT	

### We pioneered nanotechnology enhanced textiles.

Nanotex is the original and trusted source that transforms your fabric to better withstand the effects of nature and enhance your life.
